

# Bitter Sweet

## Entwine

You dragged me down into the unknown  
Within desire of love you made me sell my soul  
Now that you're gone  
I fall down with my beliefs  
With or without your love  
I can't be free(I fall into my dreams)  
Caress my heart and make me whole  
'Cause it's the only way to keep my self-control
