## SINS OF OMISSION

By Bill Drakes (Operation Mobilization)

Hey you!  
Do you hear my voice?  
Iâ€™m the one who saved you and gave you reason to rejoice  
Hey you!  
Itâ€™s by design  
That you should go and share the truth with all mankind

Hey you!  
Do you know my name?  
Iâ€™m one of the least of these thatâ€™s measuring your faith.  
Hey you!  
I know itâ€™s hard  
But Iâ€™m the one who took for you the nails and the scars  
Yes, Iâ€™m the one who shook the gates of hell and darkness

### Chorus

Sins of omission go easily unnoticed  
When you ignore me you turn me away  
You will reap what you sow when it comes time for harvest  
What is your faith if you wonâ€™t obey?

Hey you!  
Would you seek my face?  
Or have you grown tired of this cross you must embrace?  
Hey you!  
The world will wait  
To see if Christians only have a phony face  
To see if hypocrites or if my Church will win this race.

### Chorus

Sins of omission go easily unnoticed  
When you ignore me you turn me away  
You will reap what you sow when it comes time for harvest  
What is your faith if you wonâ€™t obey?

Sins of omission go easily unnoticed  
Please donâ€™t ignore me, donâ€™t turn me away.

You could say that you love me  
When your heart is so calloused  
What is your faith if you wonâ€™t obey?
