

# You Know Me

## 2 Pistols

Ooh, ooh, ooh, ooh  
Ooh, ooh, ooh, ooh  
Somethin' serious, shorty, you know wat it is? I know you, shorty, you know me  
And you know I can't leave these streets  
'Cause I mean it's in my veins, shorty  
Wish I could stay but for now just pray for me I know you, shorty, you know me  
So hard for me to leave these blocks  
Got my head tied in a knot always runnin' from the cops  
Prayin' that I don't get caught You know I push it to the limit  
Sun up, sun down, baby, I got to get it  
Gotta get it, I gotta get it You know I push it to the limit  
Sun up, sun down, baby, I got to get it  
Gotta get it, I gotta get it Baby girl, you know my situation  
I know sometime you get impatient  
I be on tha grind, you be at tha house  
Probably think I'm at another broad house Shorty, I'm gettin' money  
More than I've ever seen  
True Religion jeans, I know you like those  
That's why I buy 'em for ya, smile for me You can't believe them, hatin' bitches  
They be lyin' on me, keep a nine on me  
You know they plottin' on me  
You just keep that pussy tight, I'm comin' home early I gotta get it, get it  
I can't leave the streets  
I didn't choose tha hustle, tha hustle chose me I know you, shorty, you know me  
And you know I can't leave these streets  
'Cause I mean it's in my veins, shorty  
Wish I could stay but for now just pray for me I know you, shorty, you know me  
So hard for me to leave these blocks  
Got my head tied in a knot always runnin' from the cops  
Prayin' that I don't get caught You know I push it to the limit  
Sun up, sun down, baby, I got to get it  
Gotta get it, I gotta get it You know I push it to the limit  
Sun up, sun down, baby, I got to get it  
Gotta get it, I gotta get it Pray for me pray for me Streets keep callin'  
The block keep on watchin'  
You're my shorty, hopin' you stay down  
Be with me win or lose Girl, my heart is always with you  
Don't get confused  
Just hold me down

I promise that we'll make it through I'm gettin' money 24/7, life as a hustler  
They wanna throw away the key and lock a nigga up  
I remember when they put me in handcuffs I look you in tha eye, shawty, what you cryin' for?  
I'll be out in the morning, baby, post bail  
Get your hair done  
'Cause I'm comin' straight over there I trust her with tha money, shorty so real  
I put them diamonds on her, just to show I care  
You stuck with a nigga in and out of jail  
I know you love me, baby, I put you through hell I gotta get it, get it  
I can't leave the streets  
I didn't choose tha hustle, tha hustle chose me I know you, shorty, you know me  
And you know I can't leave these streets  
'Cause I mean it's in my veins, shorty  
Wish I could stay but for now just pray for me I know you, shorty, you know me  
So hard for me to leave these blocks  
Got my head tied in a knot always runnin' from the cops  
Prayin' that I don't get caught You know I push it to the limit  
Sun up, sun down, baby, I got to get it  
Gotta get it, I gotta get it You know I push it to the limit  
Sun up, sun down, baby, I got to get it  
Gotta get it, I gotta get it You know I push it to the limit  
Sun up, sun down, baby, I got to get it  
Gotta get it, I gotta get it I know you, shorty, you know me  
And you know I can't leave these streets  
'Cause I mean it's in my veins, shorty  
Wish I could stay but for now just pray for me I know you, shorty, you know me  
So hard for me to leave these blocks  
Got my head tied in a knot always runnin' from the cops  
Prayin' that I don't get caught I know you, shorty, you know me  
And you know I can't leave these streets  
'Cause I mean it's in my veins, shorty  
Wish I could stay but for now just pray for me I know you, shorty, you know me  
So hard for me to leave these blocks  
Got my head tied in a knot always runnin' from the cops  
Prayin' that I don't get caught
