Armor

Stellar Road

Only in my dreams you know
Only far where shepards go
Come reach out come search my soul
Why do you wear your armor full.

Fantasize come inside close the door
Realize what your heart is beating for
Little man why you wear your armor full
I`m alive, i`m alive, i`m alive.

I step into this light with grace
Knowing there`s no better place
Come reach out come touch my soul
Why do you wear your armor full

Fantasize come inside close the door
Realize what your heart is beating for
Little man why you wear your armor full
I`m alive i`m alive i`m digging mine.
