

Take Me Out

The Wooden Sky

{Chorus}

Take me out

Take me anywhere, I'm around

I'd meet you anywhere at all

I'd meet you anywhere at all

I'd meet you anywhere Oh I wanna see everything you've seen

I know how long these nights can be

Wires dangling at your feet

Oh and please, take me someplace I've never been

Someplace you run to in your dreams

Someplace that's just for you and me

Just for you and me {Chorus} In a dream, your light came dancing through the trees

Singing songs that I believe

Might come and wake me from my sleep

Oh but there may come a time

When I'm lonely here at night

And you won't let me know

But hands, touching hands

Reaching out towards your man

We won't let them tumble together though {Chorus}
