

Paper Tiger

Fragile State

Just like a paper tiger
Torn apart by idle hands
Through the halter skelter morning
Fix yourself while you still can
 No more ashes to ashes
 No more cinders from the sky
 And all the laws of creation
 Tell a dead man how to die
 O deserts down below us
 And storms up above
Like a stray dog gone defective
 Like a paper tiger in the sun
Looking through a broken diamond
To make the past what it should be
Through the ruins and the weather
 Capsized boats in the sea
 O deserts down below us
 And storms up above
Like a stray dog gone defective
 Like a paper tiger in the sun
We're just holding on to nothing
To see how long nothing lasts
 O deserts down below us
 And storms up above
Like a stray dog gone defective
 Like a paper tiger in the sun
There is one word to the morning
 There is one word to the truth
There is one word back to civilization
Well there is no word back to you
