

Save a Girl

Isac Elliot

Hello hello, I wanna know your name girl
I love that smile so beautiful
Is this the girl? It's possible
Hello hello, can I get your number?
So charge your phone, I'll call tonight
This will be the best time of your life
'Cause we are who we are, don't fight it
Just hold on, we got that, that power to do what we wantWhooooa oh oh ooh ooh
I ain't got time to save the world
But I've got time to save you, girl
Whooooa oh oh ooh ooh
I think I take the fight, the fight for love
I'd do it all to save a girl!Hello hello, I'm pointed right at you girl
And if this is the time, this is the night
We're gonna make it, you & I
Hello hello, don't be afraid no
Don't be afraid 'cause I got you, yeah I got you oh oh
Yeah yeah yeah
'Cause we are who we are, don't fight it
Just hold on, we got that, that power to do what we wantWhooooa oh oh ooh ooh
I ain't got time to save the world
But I've got time to save you, girl
Whooooa oh oh ooh ooh
I think I take the fight, the fight for love
I'd do it all to SAVE A GIRL!
