Forevermore

Eddie Peregrina

1)
No matter what they say
I will always be free
To say each night and day
That you will stay
My heart and soul is yours
Take it and say once more
That you'll be mine and mine alone
Forevermore.

2)
Sweetheart, be kind enough
And give your sweet,sweet love
I'll be longing for your touch
And I love you very much.

(Repeat 1,2,1)
