Advisory - the following lyrics contain explicit language:

No weapon formed against us shall prosper
Our enemies will not prevail, ohhh yeaaah
Through the lightning and the thunder
Your light will guide us as we sail
oh yeahThe music is gonna play
And God, You will have Your way
The nations will stand and sing
Glory to the KingWe will stand as one in singing
We will live in harmony
We will live lives of compassion
Lord to You all praises beThe music is gonna play
And God, You will have Your way
The nations will stand and sing
Glory to the KingThe lost will be drawn to You
Their eyes will see the truth
Then we will stand and sing
Glory to the King
Glory to the KingRestore the joy of Your salvation
Let Your word renew our minds
Let Your glory rise among us
That Your name alone may be praisedRestore the joy of Your salvation
Let Your word renew our minds
Let Your glory rise among us
That Your name alone may be praisedWe will stand and sing
Glory to the king
We'll pray, we'll prayThe lost will be drawn to You
Their eyes will see the truth
Then we will stand and sing
Glory to the KingThe music is gonna play
And God, You will have Your way
The nations will stand and sing
Glory to the KingThe lost will be drawn to You

Their eyes will see the truth
Then we will stand and sing
Glory to the King
We will sing glory to the King
