

It's the Sun

The Polyphonic Spree

Sun
Take some time, get away
Sun
Suicide is a shameSun
Soon you'll find your own way
Sun
Hope has come, you are safe
And it makes me cry
Because I'm on my way
On my way, on my wayHey, it's the sun and it makes me shine
Hey, it's the sun and it makes me shine
Hey, it's the sun and it makes me shine
Hey, now, it's the sun and it makes me shineSun
Soon you'll be okay
Sun
Soon you'll be okay
And it makes me smile
Because I'm on my wayHey, it's the sun and it makes me shine
Hey, it's the sun and it makes me shine
Hey, now, it's the sun and it makes me smile all around
Hey, now, it's the sun and it makes me smile all around, all aroundHey, now, it's the sun and it makes me smile
all around
Hey, now, it's the sun and it makes me smile all around, all around
