

# Tribulations (Driver Parallel Lines soundtrack)

## LCD Soundsystem

Everybody makes mistakes  
But I feel alright when I come undone  
You are not making me wait  
But it seems alright as long as something's happening  
I try to make you late  
But you fighting me off like a fire does  
You try making me wait  
But it feels alright as long as something's happening  
Get your payments from the nation  
For your trials and tribulations  
You try to make me wait  
You come around when it's come undone  
Everybody makes you late  
And it's never you because you're always thinking  
I try making you wait  
And give you me some like you give it good  
Everybody makes mistakes  
But it seems it's mine that always keep on stinging  
Get your payments from the nation  
For your trials and tribulations  
Get your payments from the nation  
For your trials and tribulations  
You try making me wait  
But you come undone when you come undone  
Everybody makes mistakes  
But it's always mine that seem to keep on sticking  
Get your payments from the nation  
For your trials and tribulations  
Get your payments from the nation  
For your trials and tribulations  
Get your payments from the nation  
For your trials and tribulations  
Get your payments from the nation  
For your trials and tribulations
