

# Mrs. Right

## New Kids On The Block

Keepin' on..... Keep keepin' on....

Rap:

Yo, all I wanna do is like swing with you, is like swing with you, just swing with you, yo baby, all I wanna do is like swing with you, so come on girl and swing, so we can do our thing! All I wanna do is like swing with you, is like swing with you, just swing with you, yo baby, all I wanna do is like swing with you, is like swing with you, just swing!

Ooh, ooh, baby

Come on, sugar

Baby, baby, come on

May be a fool to let my heart control me

And my mind is telling me I'm crazy

Is she the one although she hardly knows me

Should I cut her off, for my own safety

Will it last forever?

I don't think so

Will we stay together?

I don't know

My friends say never

Let your heart control you

Is it for the better?

Tell me so

Chorus:

Are you really Mrs. Right

'Cause I can't make up my mind

Girl you are so fine, so fine

Baby let me know the deal,

'Cause I gotta know if it's for real

Say you will be mine, all mine

Are you really? (repeat 4 times)

Where do I turn, I don't know which way

Will I ever learn from my own mistakes

If I play it smooth will Mrs. Right swing this way

Or will it lead to another heartache, baby

Will it last forever?

I don't think so

Will we stay together?

I don't know

My friends say never

Let your heart control you  
Is it for the better?  
Tell me so  
Chorus twice  
(I just can't fight it) I just can't fight it  
(The way I feel) The way that I feel about you  
(You've got to tell me) Tell me baby  
(Are you for real?) Oh, baby  
Rap  
Chorus three times and fade
