

The Breath Of Life

Jazzida Grande

Do you realize?
The rain is
Coming in
They fall and scream
Growing wild, each time I see
They're dreaming again
Just like I do each day
The falling stars
Setting lights, all around me
Where the sky flies into the blue sea
I close my eyes and feel
That there will be no end

Saying I'm not moving on, alright
Together with all my dreams
Saying I'm not moving up, alright
Come on and away with me
Saying I'm not moving on, alright
Together with all my dreams
Saying I'm not moving up, alright
Come on and away with me

Do you realize?
Just like I
Do each day
The falling stars
Setting lights, all around me
Do you realize?
The cloud is clearing out
The blue sky's back
Lifting up, all of those
Where the sky flies into the blue sea
I close my eyes and feel
That there will be no end

Saying I'm not moving on, alright
Together with all my dreams
Saying I'm not moving up, alright
Come on and away with me

Saying I'm not moving on, alright
Together with all my dreams
Saying I'm not moving up, alright
Come on and away with me
