

All My Love

Cassie

[Hook:]

Say you want my love,

You can have it all.

Seems like you're just my type, after all. I know you want a bad girl,

Give him all of that,

Take this all, won't give it back.

I know you want all my love,

I give you all of that,

All of that, all of that, all of that. You came whole way like 18 willer

Take on eat gonna get your fill up,

I can't help she's out, cause you're not with her

You look around but ain't nothing realer, no.

I ain't here to stop it, so baby boy, don't stop it.

I like it my way, and my hips are just right here. [Pre-Hook:]

If you never had it boy,

You don't know, you don't know, yeah.

If you never had it boy,

You don't know, you don't know, yeah. [Hook:]

Say you want my love,

You can have it all.

Seems like you're just my type, after all. I know you want a bad girl,

Give him all of that,

Take this all, won't give it back.

I know you want all my love,

I give you all of that,

All of that, all of that, all of that.
