Up!

Jesse Mccartney

[Verse 1]She movin' like this, like that
Move up, move back,
Yeah, drop it low.
Man you see,
She put it on me,
She clap that ass like a pro.
[Hook]She windin' it, she grindin' it,
Ooh Aah, like the way she handle it,
Ooh Aah, like the way she shakin' it,
She make your boy get up, up!
[Chorus]Told her, gon' let it move you,
It's more than a beat to dance to!
Let the music fill you up!
Get up and away. Up, up, and away.
Better move out the way, 'cause here she comes!
You ain't never seen nobody get high like,
What I'm about to show you is gonna be the highlight.
Get up and away. Up, up, and away.
Better move out the way, 'cause here she comes!
Everybody! E-everybody!
Yeah
[Verse 2]She make my booty go boom, boom, clap,
When she pop like that,

Makes my body explode.
I ain't ever seen it quite like this,
She great like this,
She the shit and she know.
[Hook][Chorus][Bridge]I'll tell you one time, so listen real close,
I'm the best of the best; don't even have to boast,
Coast to coast, they know what I be,
Don't want enemy, and nobody steps after me,
Don't wanna start somethin', and there'll be nothin',
You never heard of me? Imma screw you somethin',
If you ain't got game, don't step to the flo',
Just pack your bags, and leave the town, hahaha!
[Chorus]Get up and away. Up, up, and away.
Better move out the way, 'cause here she comes!
You ain't never seen nobody get high like,

What I'm about to show you is gonna be the highlight.
Get up and away. Up, up, and away.
Better move out the way, 'cause here she comes!
Everybody! E-everybody!
[x2]Get up!
