The Last Thing I Need

i5

CHORUS
You're the first thing I want
And the last thing I need
You know if I was smart
I would tuck in my heart
And tell it to leave
Don't you know I could fall
I could fall so easily
Everyday it goes on
You're the first thing I want
And the last thing I needWhat makes it so hard
Is that it feels so good
You're everything I dreamed of
Feels just like it should
There's just one thing more
I got somebody else
So I wake up each morning
And I say to myselfChorusThe thought of your kiss
Is all that it takes
I start imagining
The love we shouldn't make
Tried to forget you
But I can't get enough
No matter what I do
When I wake upChorusIn a different space
In a different time
I could hold you in my arms
And you'd be mineI wish there was a way
(Spanish line)
But I belong to someone else
(Spanish line)ChorusYou're the first thing
You're the last thing
You're the first thing
Yes you are
You're the last thing
Don't you know I could fall
I could fall so easily
Everyday it goes on
You're the first thing I want*Fade Out*
