

The Vision (Instrumental Version)

Joker

Calm down
Keep confusing me, cant you see, cant you see, you are not alone
You the throne
Kryptic clues, who needs you, the one to chose, who is who
Whats wrong
If I wanna talk big, act big, I can play big on my own
Let go
So complicated in the game you created, can you crack the code
Can't be without you, see without you, breathe
without you, feel without you
Just let me breathe
Just let me breathe
Just let me breathe
Just let me breathe
Gotta breathe in
Gotta breathe in
Gotta breathe in
Gotta breathe in
Slow down
When your on the floor begggin wont work
You'll be back for more
Pipe down
Be insane, leave for day, when's it gonna rain
Rain on your parade
Dont go, go, go
You know
The road is long on your own
Do you want to be alone
You dont wanna be alone
Cool it down, calm down, breeze out, let go
Just let me breathe
Cool down, calm down, would you let me breathe
Just let me breathe
Head down, calm down, would you let me breathe
Just let me breathe
Breeze out, pipe down, would you let me
Gotta breathe in
Gotta breathe in
Gotta breathe in
