

Beloved (Tim Schuldt feat. D-Foundation remix)

VNV Nation

It's colder than before
The seasons took all they had come for
Now winter dances here
It seems so fitting don't you think?
To dress the ground in white and grey
It's so quiet I can hear
My thoughts touching every second
That I spent waiting for you
Circumstances affords me
No second chance to tell you
How much I've missed you
My beloved do you know
When the warm wind comes again
Another year will start to pass
And please don't ask me why I'm here
Something deeper brought me
Than a need to remember
We were once young and blessed with wings
No heights could keep us from their reach
No sacred place we did not soar
Still, greater things burned within us
I don't regret the choices that I've made
I know you feel the same
My beloved do you know
How many times I stared at clouds
Thinking that I saw you there
These are feelings that do not pass so easily
I can't forget what we claimed as ours
Moments lost though time remains
I am so proud of what we were
No pain remains, no feeling
Eternity awaits
Grant me wings that I might fly
My restless soul is longing
No pain remains, no feeling
Eternity awaits
My beloved do you know
When the warm wind comes again
Another year will start to pass
And please don't ask me why I'm here
Something deeper brought me
Than a need to remember
My beloved do you know
How many times I stared at clouds
Thinking that I saw you there
These are feelings that do not pass so easily

I can't forget what we claimed as ours Moments lost though time remains

I am so proud of what we were

No pain remains, no feeling

Eternity awaits

Grant me wings that I might fly

My restless soul is longing

No pain remains, no feeling

Eternity awaits Moments lost though time remains

I am so proud of what we were

No pain remains, no feeling

Eternity awaits

Grant me wings that I might fly

My restless soul is longing

No pain remains, no feeling

Eternity awaits Moments lost though time remains

I am so proud of what we were

No pain remains, no feeling

Eternity awaits

Grant me wings that I might fly

My restless soul is longing

No pain remains, no feeling

Eternity awaits
