

# Cigarette Smoke

## Arctic Monkeys

Get out the way, mister  
With your short sharp tips  
No, I won't read your lips right now  
And baby, hey  
You send a shiver down my spine  
But do you read my mind  
Do you...  
And you're looking pretty suspicious  
And probably planning a heist  
He's wanting to go to the strippers  
It makes him feel all nice(Cigarette smoke yeah)  
The cigarette smoke in your eyes  
Watching a stripper and  
(Smacking a bloke yeah)  
Smacking a bloke here tonightGet out me way, mister  
With your short sharp tips  
No, I won't read your lips right now  
And baby, hey  
You send a shiver down my spine  
But do you read my mind  
Do you...He's prob'ly got stopped by a panda  
For speeding on his way there  
a formal flashing of digital cameras  
From tourists in trafalgar square(Cigarette smoke yeah)  
The cigarette smoke in your eyes  
Watching a stripper and  
(Snortin' some coke yeah)  
Snortin' some coke off her thighs  
Bla-bla-bla-bla-bla-bla...(Cigarette smoke yeah)  
The cigarette smoke in your eyes  
Watching a stripper and  
(Smacking a bloke yeah)  
Smacking a bloke here tonight  
And I just can't see for the  
(Cigarette smoke yeah)  
The cigarette smoke in your eyes  
Watching a stripper and  
(Snortin' some coke yeah)  
Snortin' some coke off her thighs

Lalalalalala laaaaaaoooo
