Justification

Against All Authority

Advisory - the following lyrics contain explicit language:

How do you sleep at night!? 'cause I lie awake
and burn inside when I think of all the shit
you've done when I think of all the times I've
tried to understand your motives but they
are not justified because you're only thinking
of yourself but your choices affect all our lives
Justify your actions How does it fell to always
think you're right? you're never wrong it's
not your fault well... who's gonna take the blame
tonight? I'm lost again on I-10 but it feels like
home to me I don't know where I'm going but
I know where I want to be
