

# Music for Love

## Mario

Right about now Girl, turn me up  
And let me come through your speakers  
Blow the sound out of your tweeters  
'Cause baby girl, this is the music for love Shawty, don't be scared  
Just let the bass line hit you  
Boom, boom, all up in your system  
'Cause baby girl, this is the music for love Girl, let my frequency just flow through your body  
Get this party started 'cause baby, baby  
Girl, this is the music for love Put me on repeat, girl  
Let's go again and again  
No matter AM or FM  
'Cause baby girl, this is the music for love Wow, we could play the music loud  
Whenever nobody's around  
'Cause if the sound, it starts to wake up the neighbors  
We gonna have to turn it down, down, down, down I'm about to have a real eruption  
There's gonna be no interruptions  
Baby, come push my buttons  
I'll show you all my functions Press play and let me start  
Fast forward to your favorite part  
After we done hit rewind  
We'll go back to the top Girl, turn me up  
And let me come through your speakers  
Blow the sound out of your tweeters  
'Cause baby girl, this is the music for love Shawty, don't be scared  
Just let the bass line hit you  
Boom, boom, all up in your system  
'Cause baby girl, this is the music for love Girl, let my frequency just flow through your body

And we'll do this all night long  
And you can sing along
