

Ima Be Alright (feat. Bryson Tiller & Future)

DJ Khaled

Ayy everybody switchin' up, I guess
(DJ Khaled!)It's just the way it is, oh
These niggas beat me to it
Yeah, these niggas started changin', oh no
They changin', they changin'
And everything I got they wanna take it, oh
My money and my lady, no
They wanna separate it
They try and tear us down
They tryna tear us down
Hey, hey, heyI'm touchin' triple digits, now it's catch up, oh
I'm touchin' M's and my life is pandemonium
I got a re-up for you, you know I invented those
Everything around me trickle like sauce
You niggas old news like a five star
Every single night I got a bad bitch
See her comin' up, she came with another bad one
I done caught 'em vibin' the wave, double jeopardy
They know I'm the king of these melodies
You know I was in the bando, smellin' like I have the keys
You can smell the molly comin' off me when you next to me
Put it in my cup and let me medicate
And it all started off with foreplay
(With foreplay)
Cappuccino vodkas in Santa Monica
(Santa Monica)
We was best friends until the fall out
Now I got the lawyers goin' all outIt's just the way it is, oh
(Just the way it is)
These niggas beat me to it
Yeah, these niggas started changin', oh no
(They changin', they changin')
And everything I got they wanna take it, oh
My money and my lady, no
They wanna separate it
They try and tear us down
They tryna tear us down
Hey, hey, heyHey, I been reaping those rewards
From my hard work, I'm startin' to see the jealousy

Hey, they talkin' shit, that's what they tellin' me
What? They write it to somebody else instead of me

Okay, hey, I got my dollas, my cash up
They wanna see me on my last one, last one
They tell you things you don't wanna hear
They don't wanna see me with a bad one

No, or see you in a Benz wagon
With your new bag on

The bag that these hatin' bitches only spend a hundred plus tax on
The one we spent five racks on

And I love to get on tracks that I can rap and spit facts on

I'm the one that niggas love to turn they backs on

Yeah, that's cool with me, that's cool with me

(Another one)It's just the way it is, oh

(Just the way it is)

These niggas beat me to it

Yeah, these niggas started changin', oh no

(They changin', they changin')

And everything I got they wanna take it, oh

My money and my lady, no

They wanna separate it

They try and tear us down

They tryna tear us down

Hey, hey, heyIt's alright, yeah

I'll be alright, yeah

As long as you right here, yeah

I'll be just fine, yeah

(I'll be just fine)

Just fine, yeah

Just fine, yeah

We was best friends until the fall out

Just fine, yeah

We was best friends until the fall out

Just fine, yeah

Now I got the lawyers goin' all out

Hey, hey, heyThey jealous, they want us to fold. That will never happen

They want us broke, so you know what we gonna do?

We gonna become billionaires

From now on when you see me, call me Billy. I'ma be alright, I'ma be just fine.It's just the way it is, oh

(Just the way it is)

These niggas beat me to it

Yeah, these niggas started changin', oh no

(They changin', they changin')

And everything I got they wanna take it, oh

My money and my lady, no

They wanna separate it
They try and tear us down
They tryna tear us down
Hey, hey, hey(Ayo Neil, bless up, bless up, bless up...)
