

God Alert, Pt. 2

White Arrows

I stay home when you're drinking
I see you when you're breathing
All I see is a demon
What am I doing now(What am I)All my life I had questions
Leave my head for a minute
All I know is a fever
What am I doing nowWhen I'm gone will they miss me
On my own is how I dream it
All I see is a vision
What am I doing now?
All I see is a vision
All I see is a demon
