

Come My Way (Blush x Sam Carter Remix)

PLVTINUM

Baila! [dance!]
Conmigo! [with me!]
Anoche! [at night!]
Contigo! [with you!]

I wanna feel you against me
all night, bodies connecting

Baby girl, yeah, we can get it in
I can be temptation, you can be my sin
I want the rush of your heartbeat
Those eyes, I know that you want me

Baby girl, won't you come my way?
Tell me all the days that you wanna say
Baby girl, you can say my name
Show me all the ways you can move that thing
I don't wanna take you nowhere
I don't wanna waste your time

Baby girl, won't you come my way?
Baby girl, won't you come for me?

Baby girl won't you come for me? x3

Vamos! [let's go!]
Fiesta! [party!]
I want you seÑorita [girl]
I'm gonna kiss on your body
Sharp breath, gripping the bed sheets

Baby girl, yeah, Imma put it in
I can make your bed shake, I can be your sin
Your hands, scratching against me
One look, I know that you want me

Baby girl, won't you come my way?
Tell me all the days that you wanna say
Baby girl, you can say my name
Show me all the ways you can move that thing

I don't wanna take you nowhere
I don't wanna waste your time

Baby girl, won't you come my way?
Baby girl, won't you come for me?

Baby girl won't you come for me? x4
