Save the Hour

Stellar Road

Restless heart, beating wine
Iâ€™ll take you home from here
Take my mind, be kind
Youâ€™ll see whatâ€™s troubling me
Come inside, weâ€™re riding high
From the clouds into the sky
Youâ€™re my angel
Youâ€™re doing fine
I know all we need is time
Chorus:
Save the hour, this broken flower
Is all I have, all I have
Take this wine and burn one down
What Iâ€™m looking for I havenâ€™t found

Fragile kind, in time
Youâ€™ll take me home from here
Take my mind, beat it down
Youâ€™ll see whatâ€™s bubbling in me
Crazy lies, your beat-red eyes
One day youâ€™ll be strait with me
Youâ€™re my angel
Youâ€™re doing fine
I know all we need is time

Thereâ€™s no beginning or no end to this love
Iâ€™ll wash your hands in it, your hands in my love
Because I canâ€™t live, no I canâ€™t live
Without your love

Save the hour
Cause itâ€™s all I have for you
