

# 9 Fingers on You

## Shudder To Think

Hello  
It's a long road  
You got some eight by, eight by tens  
And I can tell what you're thinking  
(?)Girl you get to hustle for your muscle machine  
Girl you got to bustle for your muscle machine  
Girl you get to muscle for your hustle machine  
Girl you got to hustle for your muscle machine(?)  
Hello  
It's a long road  
You got some eight by, eight by tens  
They can't tell what I can  
(Whatcha think, a-think, whatcha thinkin)  
Only the best in me gets (?) for everyone  
Only the best  
Only the best  
(?)Girl you do your muscle for your tussle machine  
Girls you get the muscle for your muscle machine  
Girls you get the muscle for your hustle machine  
Girl you got to hustle for your muscle machine(?)  
Hey  
I got nine fingers on you  
So where's the tenth forget foxy bottom bin dollar record (?)  
A record player entitled "Biddy, I Gotta Bump" (?)  
Only the best in me gets something(?) for everyone  
Only the best  
Only the best  
So  
Got nine fingers on you  
Whoa
