

9 Fingers on You

Shudder To Think

Hello
It's a long road
You got some eight by, eight by tens
And I can tell what you're thinking
(?)Girl you get to hustle for your muscle machine
Girl you got to bustle for your muscle machine
Girl you get to muscle for your hustle machine
Girl you got to hustle for your muscle machine(?)
Hello
It's a long road
You got some eight by, eight by tens
They can't tell what I can
(Whatcha think, a-think, whatcha thinkin)
Only the best in me gets (?) for everyone
Only the best
Only the best
(?)Girl you do your muscle for your tussle machine
Girls you get the muscle for your muscle machine
Girls you get the muscle for your hustle machine
Girl you got to hustle for your muscle machine(?)
Hey
I got nine fingers on you
where's the tenth forget foxy bottom bin dollar record
A record player entitled "Biddy, I Gotta Bump" (?)
Only the best in me gets something(?) for everyone
Only the best
Only the best
So
Got nine fingers on you
Whoa
Nine fingers
