

Cabo San Lucas

Toby Keith

Girl, last time you saw me I wasn't this cool
And I'm hangin' out in Mexico down by the pool
In Cabo, Cabo San Lucas
If I send you a ticket, would you fly in?
Sure like to see you, we could hook up again
In Cabo, Cabo San Lucas And I know it sounds crazy, but I bought a guitar
And I'm singin' my songs downtown in a bar
You can come with a friend, you can come by yourself
You can sleep here with me, I ain't got nobody else
In Cabo, Cabo San Lucas Well, the Baja gets hot this time of year
And except for the fisherman, they all disappear
In Cabo, Cabo San Lucas
Pacifico is great, tequila is too
I got it all goin', but I ain't got you
In Cabo, Cabo San Lucas And I know it sounds crazy, but I bought a guitar
And I'm singin' my songs downtown in a bar
You can come with a friend, you can come by yourself
You can sleep here with me, I ain't got nobody else
In Cabo, Cabo San Lucas Oh, I'll show you the stars and the moon on the sea of Cortez
And the beach at San Juan, as the sun's sinkin' down in the west
I'm leavin' you this message and if you give a damn
And you wanna call me you know where I am
In Cabo, Cabo San Lucas
Way down in Mexico, way down in Cabo
