

# D N' B

## Planet Of Zeus

you are always in my mind  
you've got me  
always turning round and round.

This disease in my eyes and in my veins  
i can't see  
anything as if i'm blind

you've got me so diseased and blind  
so diseased

you firmly closed the doors,behind you again  
you've nicely done with me  
every now and then  
you keep on shredding my skin  
like you're hanging from me  
but i'm the one who's hanging now from you and i'm free

you've got me walking down for hours  
you've got me so diseased i can't sleep  
you've got me walking down for hours  
but now i'm free

you were always in my mind  
you had me  
always turning round and round
