

The Dream Song

Collin Raye

Lay your head on your pillow now, close your eyes
I'll tuck you in and I'll kiss you goodnight
While you and your teddy bear are countin' sheep
Next thing you know, you'll be fast asleep
Sleep now my angel your long day is done
The very best part of the night has begun
'Cause we get a present when we go to sleep
We get to dream
If you have a dream, your dream can come true
A whole world of wonder is waiting for you
Life's an adventure, there's so much to do
If you have a dream, your dream can come true
You can go walkin' on peppermint clouds
And see yourself being a real circus clown
Sail on a river of strawberry cream
Be a star or an astronaut, follow your dream
If you have a dream, your dream can come true
A whole world of wonder is waiting for you
Life's an adventure, there's so much to do
If you have a dream, your dream can come true
So dream on, dream, my love
A dream is a whisper from above
If you have a dream, your dream can come true
A whole world of wonder is waiting for you
Life's an adventure, there's so much to do
If you have a dream, if you have a dream
Your dream can come true
