

# False Colored Eyes

Joseph Arthur

Give up your lies  
And your false colored eyes  
You're buried alive  
Under your mind I don't care who you have left behind  
I don't care who you have compromised Give up your lies The things you despise  
Have you hypnotized  
Give up your disguise  
And the places you hide I don't care who you have compromised  
I don't care who you have left behind Give up your lies In a needed answer  
And my hero by  
Myself  
Myself  
If you can surrender  
You will only hurt yourself  
Yourself  
Yourself
