How many wrong turns can I make  
I'd give a million dollars just to see her smile on top of me  
But if she won't give it up well that's okay  
I never liked that drunk ass twelve year old bitch anywayWhen she does it's on  
There she goes she's  
Pissing on my floorHow many trips to the E.R. will it take?  
She gets her stomach pumped and runs to buy another case  
Of the Michelob 'cause the Lonestar just won't do  
And the beer tastes awfully used St. Ides and even special BrewWhen she does it's on  
There she goes she's  
Pissing on my floorWell, just clap your hands everybody  
And everybody clap your hands  
We're lamda lamda lamda and  
Omega moosWe've come here on stage tonight  
To do our show for you  
We got a rockin' rhythm and a high tech sound  
That'll make ya move your body down to the groundWe got Poindexter on the violin  
And Louis and Gilbert will be joinin' in  
We got Booger Presley on the mean guitar  
And a rap by little old me, LamarWe got Tashi beating on his gong  
The boys and the moos are clappin' along  
And just when you thought you seen it all  
Along comes Jolly Green 6 feet tallWhen she does it's on  
There she goes she's  
Pissing on my floorWhen she does it's on  
There she goes she's  
Pissing on my floorWhen she does it's on  
There she goes she's  
Pissing on my floorWhen she does it's on  
There she goes she's  
Pissing on my floor
