

# Didn't You Know

[Christina Antipa](#)

Didn't I know your fears?  
Didn't I share your pain?  
Didn't I wipe away the tears?  
Wasn't I shelter from your rain?  
Wasn't I there for you?  
Wasn't I always true?  
Didn't you know that  
I'd be with you all the way?  
Listen  
Didn't I know your fears?  
Didn't I share your pain?  
Didn't I wipe away your tears?  
Wasn't I shelter from your rain?  
Wasn't I there for you?  
Wasn't I always true?  
Didn't you know that  
I'd be with you all the way?  
Didn't I know your fears?  
Didn't I share your pain?  
Didn't I wipe away the tears?  
Wasn't I shelter from your rain?

Wasn't I there for you?  
Wasn't I always true?  
Didn't you know that  
I'd be with you all the way?  
Didn't you know that  
I'd be with you, my child  
Oh, yes, didn't you know that  
I'd be with you all the way?  
Didn't you know, didn't you know  
Yes, I will

Everyone with you, every time with you  
I will hold you, I will hold you, hold you  
Yes, hold you in my helping arms  
Oh, yes I will, yes  
Said I'll never leave, said I'll never leave  
Said I need you, I don't leave you, I don't leave you  
No no no no

I'm the right guy standing right now, standing right now
