

# Don't Say Goodbye

## Goldfinger

I know the way that I have picked apart at you  
And I know the way that I have less that you're used to  
Lets try and find a way that we can work it out  
Don't say what I can't bear to hear

Don't say goodbye yeah yeah  
Just one more try yeah yeah

I know the way my insecurities can grate  
I tend to judge myself ahainst my perfect mate  
So when I'm acting strange don't give up on all hope  
Don't say what I can't bear to hear

Don't say goodbye yeah yeah  
Just one more try yeah yeah

Well after all I'm telling you don't waste your time I will be home soon
