Monday Song

40 Below Summer

Life is lost for me and everything I dream
Picture me above the sky on this half day closing
Ride the wave say goodnight drifting slowly
I see the world in your eyes it's relentless
When I feel the burn in my life God please end this
It's not so easy can you fix me and wipe it all away
Wipe it all away, you wash it all away
Picture me inside the sun, I'm dried and burning
As I sink like a stone the world keeps turning
I'll hold you close to myself you complete me
A part of my life I can't fill, please release me now
It's not so easy and wipe it all away
Can you fix me and wipe it all away
So sadistic and wipe it all away
How you'd bleed me and wash it all away
Follow a heart in vain you follow and start again
Life is lost for me now
