

# Take What I Want

## Masked Intruder

Come on and tell me why you're better than me  
Why you deserve what you got  
And why I should believe it  
All I want is just a little piece  
I don't really care if you would rather keep it  
Finders keepers, losers weepers Take what I want and I don't feel bad  
It's a vast improvement on the situation that I had  
Oh, you know, I know it's wrong  
But I don't give a shit  
It's the best thing I've got going on  
And I ain't never gonna quit  
I come and get it when you're not at home  
It's so pathetic that you think that you can stop me  
But then oh snap, you've got that ADT  
Now the boys in blue are all out to get me  
Dick move, it's cool, I've still got your stuff, dude
