

# Someone Loves You Honey

## June Lodge

I wanna share your life  
Every minute, every day and night  
And I just want you to know

That whatever you do and wherever you goRemember, someone loves you, honey

No matter what, just be my, girl

Someone loves you, honey  
More than anything in the worldI'm so glad that I'm the one  
That you come to when you need someone  
That's what my love is for

It's a shoulder to lean on, a port in the stormRemember, someone loves you, honey

No matter what, I just want you to be my, girl

Someone loves you, honey  
More than anything in the world
