

# Fire Of Freedom

## Matisyahu

Fan the flame from the fire of freedom [x3]

From out of the fire into the flame  
Burnin motherland we be goin insane  
Tough like a truck keep me comin through the rain  
Got me comin when I'm runnin out yet I'm feelin ok  
I'm the kind of man make you fly like a plane  
Take you on a vacation from the pain  
Rollin like thunder like a runaway train  
Let me take you on an escapade

I say oh ye oh ye oh oh, oh oh oh oh oh oh oh oh oh  
Oh ye oh ye oh oh, oh oh oh oh oh oh oh oh oh

I'm keep on goin keep on rising  
Elevate your mind it's all in the timing  
Light up the freedom flame  
Open up the skys your highway  
Keep it goin till we reach the right way  
Light up the freedom flame

Ouuuie ouuu ahyaeioeoooooiaioieo

I got roots like a tree holdin me down  
With my eyes on the sky but my feet on the ground  
And the people they'll come when they wanna gather round  
Cause they hear some distant sound  
Split the sea jump in with me  
Tonight we leave in the streets we scream  
Freedom  
I said let it all ring  
I said let it all ring

Oh ye oh ye oh oh, oh oh oh oh oh oh oh oh oh  
Oh ye oh ye oh oh, oh oh oh oh oh oh oh oh oh

I'm keep on goin keep on rising  
Elevate your mind it's all in the timing  
Light up the freedom flame  
Open up the skys your highway

Keep it goin till we reach the right way  
Light up the freedom flame

Ouuuie ouuu ahyaeioeoooooiaioieo

Once I was in the dungeon  
Now I can taste my freedom

I'm seein rainbows and rays of light  
These are the things make me feel alright  
Airtight outta sight like in the lyme light  
When you answer it right it's bound to be alright  
When the train hits on the time track  
The hurricanes back and I'm goin till the lights fade black, fade black,  
Fade black  
Let it all rain now

Keep on goin keep on rising  
Elevate your mind it's all in the timing  
Light up the freedom flame  
Open up the skys your highway  
Keep it goin till we reach the right way  
Light up the freedom flame  
Ouuuie ouuu ahyaeioeoooooiaioieo

Clear the way  
My love is coming through  
Ignite the flame  
My light will shine for you  
Fight the night and do what I got to do  
Kiss the sky to prove myself  
Clear the way  
My love is coming through

The darkness was sparkling in a hundred paths  
Narrow long roads  
The house of the world was made

---
