Storm

Violet Indiana

I just couldn't say
What I meant that day
Nothing is changed
That taste is strangeCan you see me
In another way
I have to sayI'm another way
In your darkest day
Can you feel me
Can you help meI just couldn't say
What I meant that day
Nothing is changed
That taste is strangeI'm another way
In your darkest day
Can you feel me
Can you hear meI reveal the distance
I conceal your existence
I reveal the distance
While you conceal your insistenceI'm another way
In your darkest day
I'm another way
In your darkest dayYou help me to tell me
It's been hell on me
You help me to tell me
It's been hell on me
You help me to tell me
It's been hell on meYour darkest day
Can you feel me
Can you feel me
