CHANCE ENCOUNTERS

Oooh..
Follow the post
To the view at the top
The snap of the dawn
To the pick of the crop
The grass arise
And you jump, skip and hop
But never stop
Cause youâ€™re only just starting

You groove on the lips of the fabulous crowds
Spoken as a whisper
but never allowed
Luck and thrill
to shop till you drop
But never stop
Cause you could be dreaming

Love me or leave me
Youâ€™re happy to leave me
or stay for the rest of your life
While resolving your heart
let the melody start
Close the door and your troubles aside

Fill your hopes
on wings of a dove
Picture yourself
as days falls on lovers
Bringing your step back
Peep and pop
You never stop
