Playin' with Fire

Lita Ford

I could see a strange fire burning up in you
The first time I looked in your eyes
I could feel sparks fly dangerous and true
Straight through this heart of mineAnd I ain't afraid to take the things I want
And I don't believe the world is gonna change for me
So I'll take the love I needWe were riding high like flames against the sky
Innocent and wild, we were playin' with fire
Too hot to touch, you can't call it love
But it's close enough to be playin' with fire
We're playin' with fireI could see a dark side scratchin' at your soul
The risk is sweet as the sin
I feel your lips as they swallow me whole
Strike like a match on my skinAnd I'm tired of wasting all my precious time
I love the way I feel when you're in my mind
It ain't no crimeWe were riding high like flames against the sky
Innocent and wild, we were playin' with fire
Too hot to touch, you can't call it love
But it's close enough to be playin' with fire
We're playin' with fireIn the long nights we were burnin'
Caught in a wild fire out of controlWe were riding high like flames against the sky
Innocent and wild, we were playin' with fire
Too hot to touch, you can't call it love
But it's close enough to be playin' with fire
We're playin' with fireWe were riding high like flames against the sky
Innocent and wild, we were playin' with fire
Too hot to touch, you can't call it love
But it's close enough to be playin' with fire
We're playin' with fireWe were riding high like flames against the sky
Innocent and wild, we were playin' with fire
