

Another Life

Ingrid Michaelson

I think I knew you
Before I knew you
I think we shared another life
Don't you?
You see right through me like an old pane of glass
I think we shared another life
Don't you? I don't need, need to be
Anybody else but me Shake off the blues boy, shake off the blues
I think it's time I radio the news
That I'll be your baby, baby of mine
I wanna spend all my time
Loving, loving, loving, loving, loving, loving, love
Loving, loving, loving, loving you
Like lovers do I think we shared another life
Don't you?
It's in the galaxies and all the history books
I think we shared another life
Don't you? I don't need, need to be
Anybody else but me Shake off the blues boy, shake off the blues
I think it's time I radio the news
That I'll be your baby, baby of mine
I wanna spend all my time
Loving, loving, loving, loving, loving, loving, love
Loving, loving, loving, loving you
Like lovers do You got me rocking
You got me rolling
You got me hoping that I've finally found the open
Let's go together
Let's swim forever
Into the blue And I'll be your baby, baby of mine
I wanna spend all my time
Loving, loving, loving, loving, loving, loving, love
Loving, loving, loving, loving you
Like lovers do I think we shared another life
