One Wish

Fifth Harmony

Lauren
Woke up to the same old uh-oh
Heartbreak, 'cause I won't let go
Six weeks and I still don't know
Who or when we went wrongNormani
Lovesick and I'm feeling so oh
That's it, gotta let you go
All good, but I still don't know
Who or when we went wrongDinah
One thousand hours
Thirteen minutes
Twenty seconds
I finally went and did it
It's about time, I finally got over youChorus
Oh, I wish
I wish you the best, you're freaking useless
If I only ever had one wish, just one wish
I wish I could go back, I'm so over everything that we had
If I only ever had one wish, then I wishCamila
I never met you at all
I wish I never met you at allAlly
I'm good, never feeling low
Don't care if you tell me no
Crush you with a cheerio
Hello, that means goodbyeCamila
One thousand hours
Thirteen minutes
Twenty seconds
