## The Sweet

Mick StewartSomewhere, where am I
Don't now when I'm high
People lookin' at me
Is there, what did I seeMan with a bible
Won't somebody tell me please
Somebody help me
Tell me what's happened to meFever night and day
Woman, hear what I say
Daze all, lighter come
This life won't be longMan with a bible won't
Somebody tell me please
Somebody help me
Tell me what's happened to meWoman, hear my plead
Come on, rescue me
Signs all, death has come
Woman look what you've doneMan with a bible
Won't somebody tell me please
Somebody help me
Tell me what's happened to meMan with a bible
Won't somebody tell me please
Somebody help me
Tell me what's happened to me
To me
