

# Hold Your Horses

## Fallulah

Hold your horses, they will run away  
if you turn your back to them  
Don't look away  
Hold your horses nearRun away like a child  
Run away like a child  
Run away, run and hide  
Run with horses by your sideHang on, high speed  
It's a different place  
But my feeling they repeat  
New ground, same feet  
Only for a while  
Only stay a while  
Run away like a child  
Run away like a child  
Run away, run and hide  
Run with horses by your side
