

# Almost

## Omd (orchestral Manoeuvres In The Dark)

I almost got punked at school at 14  
Where I almost got a hug from the homecoming queen  
Who almost went on to be Miss Texas  
But lost to a girl who sews her own dresses  
I almost went out and moved to L.A.  
Where I was almost famous for almost a day  
And I almost had you  
But I guess that doesn't cut it  
Almost loved you  
I almost wished you woulda loved me too  
I almost worked at a grocery store  
Where I almost did five years of sweeping the floor  
And I almost got popped for a fight, it's a shame  
Because the guy made off with my video game  
That I almost got hooked on 'cause you ran away  
And I wish I woulda had the nerve to ask you to stay  
And I almost had you  
But I guess that doesn't cut it  
Almost had you  
And I didn't even know it  
You kept me guessin'  
And now I'm destined  
To spend my time missin' you  
I almost wish you woulda loved me too  
Here I go thinkin' 'bout all the things I coulda done  
I'm gonna need a forklift 'cause all the baggage weighs a ton  
(Baggage weighs a ton)  
I know we had our problems, I can't remember one  
I almost forgot to say something else  
And if I can't fit it in I'll keep it all to myself  
I almost wrote a song about you today  
But I tore it all up and then I threw it away  
And I almost had you  
But I guess that doesn't cut it  
Almost had you  
And I didn't even know it  
You kept me guessin'  
And now I'm destined  
To spend my time missin' you

And I almost had you  
(Almost had you)  
Almost had you  
I almost wished you woulda loved me too  
(Wished you woulda loved me too)
