Your Kiss

The Muffs

Run and hide all the time
Don't know why I have no happiness, I cry
Will I ever feel, I really want to know?Far away from here I always fear
Myself and now I am alone
It's like this, I'm in your kiss
And even when I miss I'm still in your kissHide away, feel the same
Why today, I can't believe I'm still okay
Will I ever feel, I really want to know?Am I really on, I feel so wrong
Don't hate me even when I'm gone
It's like this, I'm in your kiss
And even when I miss I'm still in your kissYou think that I'm okay, no, no way
And I'll be coming through, you'll know it
When my face turns blueI'm so wrong and really gone
Don't hate me, you will carry on
It's like this, I'm in your kiss
And even when I miss I'm still in your kissYour kiss, your kiss
Your kiss, your kiss
Your kiss, your kiss
Your kiss, your kiss
Your kiss
