## Lil' Bow Wow

Oh, uh,huh,uh,huh  
What I like uh,huh ghetto girls uh,huh  
Ghetto girls  
Lil' bow wow  
Ghetto girls  
To the B now, let's talk about it  
Ghetto girls  
See what we like around here it's them ghetto girls  
Ghetto girls  
Hey yo bow, tell em' what I'm talkin' 'bout  
Like when Janet was justice that's what I'm talkin' 'bout  
A shorty that can tell ya when the J's come out  
Get creative with the hair cuts like T boz  
Favorite rappers is bow wow, snoop, JD and nas  
Always up in somebody's face tryin' to fuss  
And to get where she going she can take the bus  
Like when Jada was peaches in the movie shame  
Hard to find her time to be sittin' at the trucker's game  
They only like dealin' wit cats that love to floss  
Only like rockin' the stuff that really costs  
Lip gloss shinin', tattoos on the back  
Attitude like Mary J, mixed wit Brat  
You can find 'em at a beauty shop, mall or church  
Name brand hat, shoes, with the matching purse  
So all that sedit stuff, y'all can keep  
'Cuz only girls that keep it ghetto that can ride wit me fo' sho  
Ghetto girls  
They like hot boys that push hot toys  
And ball wit the best of them  
Ghetto girls  
They rock braids and do 'em straight  
And in the kitchen fix da bomb kool aid  
Ghetto girls  
They think they can hang and talk more slang than I do  
Ghetto girls  
That's all I like so tell me baby  
Is that you?  
Bow wow let's talk about it  
When they ride wit for man like you won't believe

Switch the color on the hair like E V E  
When they talk like I talk  
But walk like a lady  
Snap like I snap and get a little crazy  
I love that  
Specially when they 'bout the cheese  
The type that pull front on some Mickey D's  
Bandanas to barrettes  
Daisy dukes to spandex  
All that's good wit me  
I like 'em G H E T T O  
Now believe me she got to go  
At the corner store buying up all the sweets  
From choo choos to rice krispies treats on my street  
That's all I see like everyday  
And they do what they do in a crazy way  
Hang with the ballers so they never pay  
And they usually got a name that's hard to say, ya heard  
Ghetto girls  
They like hot boys that push hot toys  
And ball wit the best of them  
Ghetto girls  
They rock braids and do 'em straight  
And in the kitchen fix da bomb kool aid  
Ghetto girls  
They think they can hang and talk more slang than I do  
Ghetto girls  
That's all I like so tell me baby  
Is that you?  
Uh, let's talk about it now  
If ya know what I mean shorty let yo' self be seen ya heard  
If ya know what I mean shorty let yo' self be seen ya uh,uh  
If ya know what I mean shorty let yo' self be seen ya heard  
If ya know what I mean shorty let yo' self be seen ya uh,uh  
Ghetto girls  
They like hot boys that push hot toys  
And ball wit the best of them (keep it getto  
Ghetto girls  
They rock braids and do 'em straight  
And in the kitchen fix da bomb kool-aid  
Ghetto girls  
They think they can hang and talk more slang than I do  
Ghetto girls  
That's all I like so tell me baby  
Is that you?
