

Toda la vida

Fuel Fandango

The white night is breathing
Darkness is hitting the dust
the sun is already hidden

I'm learning

I'm learning from the past

I'm learning

You've always been the one but I'm learning

I'm learning from the past

I'm learning

You've always been the one but I'm learning

Toda la vida soÃ±ando

en este mundo hecho de papel

Tengo los pies en el cielo

El corazÃ³n vuela alto tambiÃ©n

The white night is breathing

Darkness is hitting the dust

the sun is already hidden

I'm learning

I'm learning from the past

I'm learning

You've always been the one but I'm learning

I'm learning from the past

I'm learning

You've always been the one but I'm learning

(I keep on learning)

Toda la vida soÃ±ando

en este mundo hecho de papel

Tengo los pies en el cielo

El corazÃ³n vuela alto tambiÃ©n

Toda la vida soÃ±ando

en este mundo hecho de papel

Tengo los pies en el cielo

El corazÃ³n vuela alto tambiÃ©n (I keep on learning)

Still making mistakes

I keep on learning

I'm making myself

Still making myself

making myself, making myself

I'm learning from the past

I'm learning
You've always been the one but I'm learning
I'm learning from the past
I'm learning
You've always been the one but I'm learning
(I keep on learning)
Toda la vida soÃ±ando
en este mundo hecho de papel
Tengo los pies en el cielo
El corazÃ³n vuela alto tambiÃ©n
Toda la vida soÃ±ando
en este mundo hecho de papel
Tengo los pies en el cielo
El corazÃ³n vuela alto tambiÃ©n
Still making mistakes
I keep on learning
I'm making myself
Still making myself
Still making mistakes
I keep learning
I'm making myself
Still making myself
making myself, making myself
