

# True Love

## Paulini

I love you with this heart of mine  
I love you 'til the end of time  
For you I would walk the line  
It's true, baby, this is true love  
They say we're fools lullaby  
Our love is nothing but a lie  
But with you, my gravity lives  
So high, I'm set adrift  
But they say that we're acting crazy  
That we'll never make it through the rain  
But I know, you hear it in my voice  
So no matter what they say  
I love you with this heart of mine  
I love you 'til the end of time  
For you I would walk the line  
It's true, baby, this is true love  
I'm holding out these arms of mine  
I break these chains open wide  
Without you I would rather die  
It's true, baby, this is true love  
They say that we're too young to fall  
That we don't know nothing at all  
But I know this one thing is true  
I was made for loving you  
But they say that the trees bend and fray  
That the wind can push, make us break  
But I know we'll stand through it all  
And we'll never take the fall  
I love you with this heart of mine  
I love you 'til the end of time  
For you I would walk the line  
It's true, baby, this is true love  
I'm holding out these arms of mine  
I break these chains open wide  
Without you I would rather die  
It's true, baby, this is true love  
Across the border, jump ship and swim  
I'll twist the knife, cause the river's wide  
I'd even do time, to be by your side  
It's true, baby, this is true love  
I love you with this heart of mine  
I love you 'til the end of time  
For you I would walk the line

It's true, baby, this is true love  
I'm holding out these arms of mine  
I break these chains open wide  
Without you I would rather die  
It's true, baby, this is true love
